SEC. 555. BONDED WAREHOUSES.—Buildings or parts of buildings and other inclosures may be designated by the Secretary of the Treasury as bonded warehouses for the storage of imported merchandise entered for warehousing, or taken possession of by the collector, or under seizure, or for the manufacture of merchandise in bond, or for the repacking, sorting, or cleaning of imported merchandise. Such warehouses may be bonded for the storing of such merchandise only as shall belong or be consigned to the owners or proprietors thereof and be known as private bonded warehouses, or for the storage of imported merchandise generally and be known as public bonded warehouses. Before any imported merchandise not finally released from customs custody shall be stored in any such premises, the owner or lessee thereof shall give a bond in such sum and with such sureties as may be approved by the Secretary of the Treasury to secure the Government against any loss or expense connected with or arising from the deposit, storage, or manipulation of merchandise in such warehouse. Except as otherwise provided in this Act, bonded warehouses shall be used solely for the storage of imported merchandise and shall be placed in charge of a proper officer of the customs, who, together with the proprietor thereof, shall have joint custody of all merchandise stored in the warehouse; and all labor on the merchandise so stored shall be performed by the owner or proprietor of the warehouse, under supervision of the officer of the customs in charge of the same, at the expense of the owner or proprietor. The compensation of such officer of the customs and other customs employees appointed to supervise the receipt of merchandise into any such warehouse and deliveries therefrom shall be reimbursed to the Government by the proprietor of such warehouse.

SEC. 556. BONDED WAREHOUSES AND EXPORTATIONS THEREFROM.—The Secretary of the Treasury shall from time to time establish such rules and regulations as may be necessary for the establishment of bonded warehouses and to protect the interests of the Government in the conduct, management, and operation of such warehouses and in the withdrawal of and accounting for merchandise deposited therein: *Provided*, That no landing certificate shall be required for merchandise exported from the United States, except where the Secretary of the Treasury shall have good reason to believe that such certificate is necessary for the protection of the revenue, and shall specifically order the production of such certificate.

STORABLE GOODS—WAREHOUSE PERIOD—DRAWBACK.—Any merchandise subject to duty, with the exception of perishable articles and explosive substances other than firecrackers, may be entered for warehousing and be deposited in a bonded warehouse at the expense and risk of the owner, importer, or consignee. Such merchandise may be withdrawn, at any time within three years from the date of importation, for consumption upon payment of the duties and charges accruing thereon at the rate of duty imposed by law upon such merchandise at the date of withdrawal; or may be withdrawn for exportation or for transportation and exportation without the payment of duties thereon, or for transportation and rewarehousing at another port: *Provided*, That the total period of time for which such merchandise may remain in bonded warehouse shall not exceed three years. Merchandise upon which the duties have been paid and which shall have remained continuously in bonded warehouse or otherwise in the custody and under the control of customs officers, may be entered or withdrawn at any time within three years after the date of importation for exportation, or for transportation and exportation, under such regulations as the Secretary of the Treasury shall prescribe, and upon such entry or withdrawal, 99 per centum of the duties thereon shall be refunded.

Treasury may order such vessel, vehicle, merchandise, or baggage to be transferred for sale in any customs district in which the sale thereof may be permitted. And if the Secretary of the Treasury is satisfied that the proceeds of sale will not be sufficient to pay the costs thereof, he may order a destruction by the customs officers: *Provided*, That any merchandise forfeited under the customs laws, the sale or use of which is prohibited under any law of the United States or of any State, may be remanufactured, in the discretion of the Secretary of the Treasury, into an article that is not prohibited, the resulting article to be disposed of to the profit of the United States only.

SEC. 612. SUMMARY SALE.—Whenever it appears to the collector that any vessel, vehicle, merchandise, or baggage seized under the customs laws is liable to perish or to waste or to be greatly reduced in value by keeping, or that the expense of keeping the same is disproportionate to the value thereof, and the value of such vessel, vehicle, merchandise, or baggage as determined by the appraiser under section 606 of this Act, does not exceed \$1,000, and such vessel, vehicle, merchandise, or baggage has not been delivered under bond, the collector shall, within twenty-four hours after the receipt by him of the appraiser's return proceed forthwith to advertise and sell the same at auction under regulations to be prescribed by the Secretary of the Treasury. If such value of such vessel, vehicle, merchandise, or baggage exceeds \$1,000 the collector shall forthwith transmit the appraiser's return and his report of the seizure to the United States district attorney, who shall petition the court to order an immediate sale of such vessel, vehicle, merchandise, or baggage, and if the ends of justice require it the court shall order such immediate sale, the proceeds thereof to be deposited with the court to await the final determination of the condemnation proceedings. Whether such sale be made by the collector or by order of the court, the proceeds thereof shall be held subject to claims of parties in interest to the same extent as the vessel, vehicle, merchandise, or baggage so sold would have been subject to such claim.

SEC. 613. DISPOSITION OF PROCEEDS.—Any person claiming any vessel, vehicle, merchandise, or baggage, or any interest therein, which has been forfeited and sold under the provisions of this Act, may at any time within three months after the date of sale apply to the Secretary of the Treasury if the forfeiture and sale was under the customs laws, or to the Secretary of Commerce if the forfeiture and sale was under the navigation laws, for a remission of the forfeiture and restoration of the proceeds of such sale, or such part thereof as may be claimed by him. Upon the production of satisfactory proof that the applicant did not know of the seizure prior to the declaration or condemnation of forfeiture, and was in such circumstances as prevented him from knowing of the same, and that such forfeiture was incurred without any willful negligence or intention to defraud on the part of the applicant, the Secretary of the Treasury or the Secretary of Commerce may order the proceeds of the sale, or any part thereof, restored to the applicant, after deducting the cost of seizure and of sale, the duties, if any, accruing on the merchandise or baggage, and any sum due on a lien for freight, charges, or contribution in general average that may have been filed. If no application for such remission or restoration is made within three months after such sale, or if the application be denied by the Secretary of the Treasury or the Secretary of Commerce, the proceeds of sale shall be disposed of as follows:

(1) For the payment of all proper expenses of the proceedings of forfeiture and sale, including expenses of seizure, maintaining the custody of the property, advertising and sale, and if condemned by a decree of a district court and a bond for such costs was not given, the costs as taxed by the court;

(2) For the satisfaction of liens for freight, charges, and contributions in general average, notice of which has been filed with the collector according to law;

(4) The residue shall be deposited with the Treasurer of the United States as a customs or navigation fine.

SEC. 614. RELEASE.—If any person claiming an interest in any vessel, vehicle, merchandise, or baggage seized under the provisions of this Act offers to pay the value of such vessel, vehicle, merchandise, or baggage, as determined under section 606 of this Act, and it appears that such person has in fact a substantial interest therein, the collector may, subject to the approval of the Secretary of the Treasury if under the customs laws, or the Secretary of Commerce if under the navigation laws, accept such offer and release the vessel, vehicle, merchandise, or baggage seized upon the payment of such value thereof, which shall be distributed in the order provided in section 613 of this Act.

SEC. 615. BURDEN OF PROOF.—In all suits or actions brought for the forfeiture of any vessel, vehicle, merchandise, or baggage seized under the provisions of any law relating to the collection of duties on imports or tonnage, where the property is claimed by any person, the burden of proof shall lie upon such claimant; and in all suits or actions brought for the recovery of the value of any vessel, vehicle, merchandise, or baggage seized for violation of any such law, the burden of proof shall be upon the defendant: *Provided*, That probable cause shall be first shown for the institution of such suit or action, to be judged of by the court.

SEC. 616. COMPROMISE OF CLAIMS.—It shall not be lawful for any officer of the United States to compromise or abate any claim of the United States arising under the customs laws for any fine, penalty, or forfeiture, and any such officer who compromises or abates any such claim or attempts to make such compromise or abatement, or in any manner relieves or attempts to relieve any person, vessel, vehicle, merchandise, or baggage from any such fine, penalty, or forfeiture shall be guilty of a felony and upon conviction thereof shall be punished by a fine of not more than \$5,000 or by imprisonment for a term of not exceeding two years: *Provided*, That the Secretary of the Treasury shall have power to remit or mitigate any such fine, penalty, or forfeiture, or to compromise the same in the manner provided by law.

SEC. 617. SAME.—Upon a report by a collector, district attorney, or any special attorney or agent, having charge of any claim arising under the customs laws, showing the facts upon which such claim is based, the probabilities of a recovery and the terms upon which the same may be compromised, the Secretary of the Treasury is hereby authorized to compromise such claim, if such action shall be recommended by the Solicitor of the Treasury.

SEC. 618. REMISSION OR MITIGATION OF PENALTIES.—Whenever any person interested in any vessel, vehicle, merchandise, or baggage seized under the provisions of this Act, or who has incurred, or is alleged to have incurred, any fine or penalty thereunder, files with the Secretary of the Treasury if under the customs laws, and with the Secretary of Commerce if under the navigation laws, before the sale of such vessel, vehicle, merchandise, or baggage a petition for the remission or mitigation of such fine, penalty, or forfeiture, the Secretary of the Treasury, or the Secretary of Commerce, if he finds that such fine, penalty, or forfeiture was incurred without willful negligence or without any intention on the part of the petitioner to defraud the revenue or to violate the law, or finds the existence of

SEC. 3. Transactions in grain involving the sale thereof for future delivery as commonly conducted on boards of trade and known as "futures" are affected with a national public interest; that such transactions are carried on in large volume by the public generally and by persons engaged in the business of buying and selling grain and the products and by-products thereof in interstate commerce; that the prices involved in such transactions are generally quoted and disseminated throughout the United States and in foreign countries as a basis for determining the prices to the producer and the consumer of grain and the products and by-products thereof and to facilitate the movements thereof in interstate commerce; that such transactions are utilized by shippers, dealers, millers, and others engaged in handling grain and the products and by-products thereof in interstate commerce as a means of hedging themselves against possible loss through fluctuations in price; that the transactions and prices of grain on such boards of trade are susceptible to speculation, manipulation, and control, and sudden or unreasonable fluctuations in the prices thereof frequently occur as a result of such speculation, manipulation, or control, which are detrimental to the producer or the consumer and the persons handling grain and products and by-products thereof in interstate commerce, and that such fluctuations in prices are an obstruction to and a burden upon interstate commerce in grain and the products and by-products thereof and render regulation imperative for the protection of such commerce and the national public interest therein.

SEC. 4. It shall be unlawful for any person to deliver for transmission through the mails or in interstate commerce by telegraph, telephone, wireless, or other means of communication any offer to make or execute, or any confirmation of the execution of, or any quotation or report of the price of, any contract of sale of grain for future delivery on or subject to the rules of any board of trade in the United States, or for any person to make or execute such contract of sale, which is or may be used for (a) hedging any transaction in interstate commerce in grain or the products or by-products thereof, or (b) determining the price basis of any such transaction in interstate commerce, or (c) delivering grain sold, shipped, or received in interstate commerce for the fulfillment thereof, except—

Such record shall be required to be kept for a period of three years from the date thereof, or for a longer period if the Secretary of Agriculture shall so direct, and shall at all times be open to the inspection of any representative of the United States Department of Agriculture or United States Department of Justice.

(a) A commission composed of the Secretary of Agriculture, the Secretary of Commerce, and the Attorney General is authorized to suspend for a period not to exceed six months or to revoke the designation of any board of trade as a "contract market" upon a showing that such board of trade has failed or is failing to comply with any of the above requirements or is not enforcing its rules of government made a condition of its designation as set forth in section 5. Such suspension or revocation shall only be after a notice to the officers of the board of trade affected and upon a hearing: *Provided*, That such suspension or revocation shall be final and conclusive unless within fifteen days after such suspension or revocation by the said commission such board of trade appeals to the circuit court of appeals for the circuit in which it has its principal place of business by filing with the clerk of such court a written petition praying that the order of the said commission be set aside or modified in the manner stated in the petition, together with a bond in such sum as the court may determine, conditioned that such board of trade will pay the costs of the proceedings if the court so directs. The testimony and evidence taken or submitted before the said commission duly certified and filed as aforesaid as a part of the record, shall be considered by the court as the evidence in the case. Such a court may affirm or set aside the order of the said commission or may direct it to modify its order. A copy of such petition shall be forthwith served upon the commission by delivering such copy to its chairman or to any member thereof, and thereupon the commission shall forthwith certify and file in the court a transcript of the record theretofore made, including evidence received. Upon the filing of the transcript the court shall have jurisdiction to affirm, to set aside, or modify the order of the commission, and the findings of the commission as to the facts, if supported by the weight of evidence, shall in like manner be conclusive. In proceedings under paragraphs (a) and (b) the judgment and decree of the court shall be final, except that the same shall be subject to review by the Supreme Court upon certiorari, as provided in section 240 of the Judicial Code.

Upon receipt of such notice the Secretary of Agriculture shall forthwith order the vacation of the designation of such board of trade as a contract market, effective upon the day named in the notice, and shall forthwith send a copy of the notice and his order to all other contract markets. From and after the date upon which the vacation became effective the said board of trade can thereafter be designated again a contract market by making application to the Secretary of Agriculture in the manner herein provided for an original application.

The Secretary of Agriculture, upon his own initiative or in cooperation with existing governmental agencies, shall investigate marketing conditions of grain and grain products and by-products, including supply and demand for these commodities, cost to the consumer, and handling and transportation charges. He shall likewise compile and furnish to producers, consumers, and distributors, by means of regular or special reports, or by such methods as he may deem most effective, information respecting the grain markets, together with information on supply, demand, prices, and other conditions in this and other countries that affect the markets.

September 22, 1922.  
[H. R. 12377]  
[Public, No. 347]

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,* That for the purpose of securing information in connection with questions relative to interstate commerce in coal and all questions and problems arising out of and connected with the coal industry, there is hereby established a governmental agency to be known and designated as the United States Coal Commission, to be composed of not more than seven members appointed by the President of the United States, by and with the advice and consent of the Senate. No member of the United States Senate or of the House of Representatives shall be eligible to serve on said commission. Said commission shall elect a chairman by majority vote of its members, shall maintain central offices in the District of Columbia, but may, whenever it deems it necessary, meet at such other places as it may determine. A member of the commission may be removed by the President for neglect of duty or malfeasance in office but for no other cause. Each member of said commission shall receive a salary of \$7,500 a year. Any vacancy on the commission shall be filled in the same manner as the original appointment. Said commission shall cease to exist one year after the taking effect of this Act.

It shall be the duty of said commission to investigate and ascertain fully the facts and conditions and study the problems and questions relative to the coal industry with a view to and for the purpose of aiding, assisting, and advising Congress in matters of legislation which will insure a supply of this commodity to the industries and the people generally throughout the country and maintain the uninterrupted flow of commerce among the States, or any legislation which Congress may, after said investigation, deem wise and which, under the Constitution, Congress has the power to enact.

To this end said commission shall ascertain and report to the President and Congress: As to the ownership and titles of the mines; prices of coal; the organizations and persons connected with the coal industry; cost of production; profits realized by the operators or owners of said mines during the last ten years; profits of other persons or corporations having to do with production, distribution, or sale of coal; labor costs; wages paid; wage contracts; irregular production; waste of coal; and suggestions as to the remedy for the same; the conditions generally under which coal is produced; distribution; the causes which from time to time induce strikes, thereby depriving interstate carriers of their fuel supply and otherwise interrupting the flow of interstate commerce; and all facts, circumstances, or conditions which would be deemed helpful in determining and establishing a wise and efficient policy by the Government relative to said industry.

Said commission shall, under the provisions of this Act, make a separate investigation and report for the anthracite industry, which investigation and report shall cover all of the matters specified in the last preceding paragraph, and shall cover also every other phase of the anthracite industry, including the production, transportation, and distribution of anthracite, and the organized or other relationships, if any, among the mine operators or the mine workers, or among any persons engaged in the production, transportation, or distribution of coal.

This Act shall not be construed as repealing any of the powers heretofore granted by law to the Interstate Commerce Commission but shall be construed as conferring supplementary and additional powers to said commission and as an amendment to section 1 of the Interstate Commerce Act, and subject to the limitations and definitions of commerce controlled by said Act, and all powers given said Interstate Commerce Commission shall be applicable in the execution of this Act.</p>

**CHAP. 431.**—Joint Resolution Providing for the consent of the Congress of the United States of America to a compact and agreement between the State of Kansas and the State of Missouri respecting the erection, maintenance, and operation of the waterworks plants of the cities of Kansas City, Kansas, and Kansas City, Missouri; the taxation thereof, and exercise of eminent domain in connection therewith by each State.

Missouri and Kansas  
Preamble  
Agreement for mutual  
operation of water-  
works for Kansas City,  
Mo., and Kansas City,  
Kans.

Whereas by a concurrent resolution adopted by the General Assembly of the State of Missouri and approved by the Governor of said State on April 15, 1921, and a similar resolution adopted by the Legislature of the State of Kansas and approved by the Governor of said State on March 18, 1921, it was resolved and provided that, whereas the city of Kansas City, in Wyandotte County, Kansas, and the city of Kansas City, in Jackson County, Missouri, are contiguous and adjoining and each owns and operates waterworks plants, the intake portions of which are on the banks of the Missouri River in Kansas City, Kansas, and contiguous to each; and for the protection of each city, in the event of a breakdown of its plant, a conflagration, epidemic, or other exigency, it is vitally important that its water plant have connection with and access to the facilities of the other; and it is and has been in the past of material benefit to each city that both contribute to a common fund in protecting the banks of the Missouri River in the vicinity of said plants and farther upstream from breaking over and destroying the plants or changing its course so as to leave the intake so far from the stream as to render it impossible to obtain an adequate flow of water therefrom; and the water plants of both cities are connected at various points so that they can in the future, as they have in the past, supply each other with water, thereby preserving the health and protecting the property of each; and the plant of Kansas City, Missouri, is now, and will of necessity continue to be for a long period in the future, the only source of water supply to the city of Rosedale, in Wyandotte County, Kansas, and the maintenance of this supply is of vital importance to the health and property protection of the citizens and said municipality; and the contour of the territory of each city is such that to reach and serve certain districts it is necessary that portions of the service mains and plants occupy and run through the territory of the other State; and Kansas City, Missouri, is about to invest many millions of dollars in the betterment of its plant in the immediate future and the city of Kansas City, Kansas, will invest in the future large sums in extending its plant, said extensions of each municipality necessitating large investments in the territory of the adjacent State, and to raise the funds for the purpose of making these investments it is vital to each city that each plant be free from assessment and taxation in the other State; and that therefore, by reason of the advantages accruing to the municipalities of each State and to the inhabitants thereof, as hereinbefore recited, and other advantages not therein enumerated, the States of Kansas and Missouri thereby entered into the following compact and agreement:

Text of compact, etc

(1) Neither the State of Kansas, nor any county, township, or municipality located within said State, or any official thereof, shall ever assess, levy, or collect any taxes, assessments, or imposts of any kind or character whatsoever on the portion of the waterworks plant of the municipality of Kansas City, Missouri, now or hereafter located within the territory of the State of Kansas.

(2) Neither the State of Missouri, nor any county, township, or municipality located within said State, or any official thereof, shall ever assess, levy, or collect any taxes, assessments, or imposts of any kind or character whatsoever on the portion of the waterworks plant of the municipality of Kansas City, Kansas, now or hereafter located within the territory of the State of Missouri.

It is further provided by said resolutions, compact, and agreement that the right of eminent domain, for the purpose of acquiring property rights and easements for a waterworks plant, including mains, water pipe lines, or extensions, or any part thereof, in either State, was thereby given and granted to each State and to Kansas City, Kansas, and Kansas City, Missouri, to be exercised by Kansas City, Kansas, in the State of Missouri, and by Kansas City, Missouri, in the State of Kansas, for said purposes; and that to the faithful observance of the said compact and agreement each State, by the adoption of said resolutions, pledged its good faith: Therefore be it

*Resolved by the Senate and House of Representatives of the United States of America in Congress assembled,* That the consent of Congress is hereby accorded to said compact and agreement between the State of Kansas and the State of Missouri.

Consent given to compact and agreement

Approved, September 22, 1922.

CHAP. 190.—Joint Resolution Requesting the President to urge upon the governments of certain nations the immediate necessity of limiting the production of habit-forming narcotic drugs and the raw materials from which they are made to the amount actually required for strictly medicinal and scientific purposes.

March 2, 1923.  
[H J Res. 453]  
[Pub Res., No. 96.]

Whereas the unlawful use in the United States of America of opium (the coagulated juice of *Papaver somniferum*) and its derivatives (morphia, codeine, heroin), and cocaine (obtained from coca leaves—*Erythroxylum coca*) and other preparations made from these plants or their by-products, with attendant irreparable injury to health and morality and resultant death from continued use, is increasing and spreading; and

Narcotic drugs control.  
Preamble.

Whereas the special committee of investigation of traffic in narcotic drugs appointed by the Secretary of the Treasury, in its report dated April 15, 1919, having considered the secrecy connected with the unlawful sale and use of these drugs, and the other difficulties in obtaining information which would give the exact number of addicts in the United States, says: "The committee is of the opinion that the total number of addicts in this country probably exceeds one million at the present time," and further says that "the range of ages of addicts was reported as twelve to seventy-five years. The large majority of addicts of all ages was reported as using morphine or opium or its preparations.

Narcotic drugs—Con.

\* \* \* Most of the heroin addicts are comparatively young, a portion of them being boys and girls under the age of twenty. This is also true of cocaine addicts," and as this report is in harmony with the opinion of many who have carefully investigated the subject; and

Whereas the annual production of opium is approximately one thousand five hundred tons, of which approximately one hundred tons, according to the best available information, is sufficient for the world's medicinal and scientific needs, and the growth of coca leaves is likewise greatly in excess of what is required for the same needs, and thus vast quantities of each are available for the manufacture of habit-forming narcotic drugs for illicit sale and consumption; and

Whereas opium is obtained in paying quantities from poppies cultivated in small areas of India, Persia, and Turkey, where the soil and climate are peculiarly adapted to the production of poppies containing opium rich in morphia, codeine, and other narcotic derivatives; and

Whereas in Persia and Turkey the growth of the poppy and the production of opium therefrom, resulting in large revenues to those respective governments, is controllable by virtue of their sovereign power to limit the exportation thereof and to restrict production to the quantity actually required for strictly medicinal and scientific purposes; and

Whereas the British Government in India, which derives large revenues from the growth of the poppy and the production of opium therefrom, has full power to limit production to the amount actually required for strictly medicinal and scientific purposes; and

Whereas the production of coca leaves (*Erythroxylum coca*) is limited to certain areas of Peru and Bolivia and the Netherlands possession of Java, and their production is controllable by virtue of the sovereign power of those Governments to limit the exportation thereof and to restrict production to the quantities actually required for strictly medicinal and scientific purposes; and

Whereas the antinarcotic laws of a majority of the larger nations of the world provide severe penalties for dispensing habit-forming narcotic drugs without a record of the amount thereof dispensed, thus providing reliable data from which a reasonably accurate calculation can be made of the amount of these drugs needed for strictly medicinal and scientific purposes; and

Vol. 38, p. 1912.

Whereas on January 23, 1912, as the result of the meeting of the International Opium Commission at Shanghai, China, in 1909, and the conference at The Hague in 1912, a treaty was made between the United States of America and other powers which was intended to suppress the illicit traffic in habit-forming narcotic drugs, and notwithstanding that upward of seven years have passed since its ratification, the treaty and the laws in pursuance thereof subsequently adopted by the contracting powers have utterly failed to suppress such illicit traffic, by reason of the fact that the treaty attempted to regulate the transportation and sale of these drugs without adequate restriction upon production, the source or root of the evil; and

Whereas failure of such treaty and the laws adopted in pursuance thereof to provide adequate restrictions upon production has resulted in extensive and flagrant violations of the laws by reason of the fact that the great commercial value of these drugs, the large financial gains derived from handling them, and the smallness of their bulk, which renders detection in transportation and sale exceedingly difficult, have induced and encouraged the un-

scrupulous to divert enormous quantities into the channels of illicit international traffic, thereby rendering partially, if not wholly, ineffective the treaty and the laws adopted in pursuance thereof; and

Narcotic drugs—Con.

Whereas in June, 1921, the opium advisory committee of the council of the League of Nations adopted a resolution urging the restriction of the cultivation of the poppy and the production of opium therefrom to "strictly medicinal and scientific" purposes, which resolution was approved by the council of the league but when said resolution was presented for final approval to the assembly of the league, which is composed of a representative from each nation which is a member thereof, it was amended by striking out the words "strictly medicinal and scientific" and substituting the word "legitimate" in lieu thereof; and

Whereas the substitution of the general word "legitimate" for the specific words "medicinal and scientific" permits the continuance of the sale of enormous quantities of opium and its derivatives in many sections of the Orient by the opium producers of India, Turkey, and Persia, where it is "legitimate" to sell and transport these drugs in unrestricted quantities regardless of their ultimate use by the purchaser; and

Whereas the continuance of the sale and transportation of such drugs, without restriction on their use, results in the diversion of large quantities thereof into the channels of illegal international traffic and in the unlawful importation into the United States, and the sale here for unlawful purposes, of preparations made therefrom such as morphia, heroin, and cocaine; and

Whereas the United States of America, in dealing with the traffic in habit-forming narcotic drugs within its own territory and possessions, notably in the Philippine Islands, and in cooperating sympathetically with the efforts of the Government of China in dealing with its opium problem, has always been committed, without regard to revenue, to a program for the complete suppression and prohibition of the production of and traffic in them, except for strictly medicinal and scientific purposes: Therefore be it

*Resolved by the Senate and House of Representatives of the United States of America in Congress assembled,* That it is the imperative duty of the United States Government to safeguard its people from the persistent ravages of habit-forming narcotic drugs.

Effective control obtained only by limiting production.

SEC. 3. That in the hope of accomplishing this end, the President be, and he hereby is, requested to urge upon the Governments of Great Britain, Persia, and Turkey the immediate necessity of limiting the growth of the poppy (*Papaver somniferum*) and the production of opium and its derivatives exclusively to the amount actually required for strictly medicinal and scientific purposes.

Whereas Joseph Battell, deceased, late of Middlebury, county of Addison, State of Vermont, in and by his last will and testament devised to the Government of the United States of America about three thousand nine hundred acres of land situated in the towns of Lincoln and Warren, in the State of Vermont, for a national park; and

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,* That section 252 of the Revenue Act of 1921 is amended to read as follows:

**"SEC. 252.** (a) That if, upon examination of any return of income made pursuant to this Act, the Act of August 5, 1909, entitled 'An Act to provide revenue, equalize duties, and encourage the

industries of the United States, and for other purposes,' the Act of October 3, 1913, entitled 'An Act to reduce tariff duties and to provide revenue for the Government, and for other purposes,' the Revenue Act of 1916, as amended, the Revenue Act of 1917, or the Revenue Act of 1918, it appears that an amount of income, war-profits or excess-profits tax has been paid in excess of that properly due, then, notwithstanding the provisions of section 3228 of the Revised Statutes, the amount of the excess shall be credited against any income, war-profits or excess-profits taxes, or installment thereof, then due from the taxpayer under any other return, and any balance of such excess shall be immediately refunded to the taxpayer: *Provided*, That no such credit or refund shall be allowed or made after five years from the date when the return was due, unless before the expiration of such five years a claim therefor is filed by the taxpayer, or unless before the expiration of two years from the time the tax was paid a claim therefor is filed by the taxpayer: *Provided further*, That if the taxpayer has, within five years from the time the return for the taxable year 1917 was due, filed a waiver of his right to have the taxes due for such taxable year determined and assessed within five years after the return was filed, such credit or refund shall be allowed or made if claim therefor is filed either within six years from the time the return for such taxable year 1917 was due or within two years from the time the tax was paid: *Provided further*, That if upon examination of any return of income made pursuant to the Revenue Act of 1917, the Revenue Act of 1918, or this Act, the invested capital of a taxpayer is decreased by the commissioner, and such decrease is due to the fact that the taxpayer failed to take adequate deductions in previous years, with the result that an amount of income tax in excess of that properly due was paid in any previous year or years, then, notwithstanding any other provision of law and regardless of the expiration of such five-year period, the amount of such excess shall, without the filing of any claim therefor, be credited or refunded as provided in this section: *And provided further*, That nothing in this section shall be construed to bar from allowance claims for refund filed prior to the passage of the Revenue Act of 1918 under subdivision (a) of section 14 of the Revenue Act of 1916, or filed prior to the passage of this Act under section 252 of the Revenue Act of 1918.

"(b) Where a tax has been paid under the provisions of section 221 or 237 in excess of that properly due, any refund or credit made under the provisions of this section or section 3228 of the Revised Statutes shall be made to the withholding agent unless the amount of such tax was actually withheld by the withholding agent."
